

Tailgate Seal Kit by Extang

Helps Keep Dust and the Elements out of Your Truck Bed.

Form-Fitting Seal

The perfect answer to minimizing the dust and moisture that collect in the truck bed when using a tonneau cover or truck cap.

Helps Keep Dust, Rain and Snow Out!

When covered with a tonneau or a truck cap, most pickups let dust and moisture sneak into the bed via the gaps around the tailgate.

While most caps and tonneau covers provide a good seal around the top side of the bedrails, dust and moisture still get in. This is where the Tailgate Seal comes in.

The soft rubber seal works just like the seals around the doors of your truck, conforming to the contours of the opening and sealing out the elements.

- Helps protect your cargo from dust and moisture
- Engineered to fit your new F-150
- Works great with tonneau covers and truck caps
- The soft rubber seal conforms to the shape of your tailgate for a tight seal
- Made from all-weather grade high-strength rubber
- Resistant to gas, oil and UV rays
- Easy do-it-yourself installation or have your dealer provide the installation for you
