

## **Impact Bed Mat by BedRug®** **Helps protect your bed from dings and dents.**

- Anti-skid TPO composite surface
- 3/4 " thick flooring helps provide impact protection
- Padded under layer offers a cushion for the knees
- Chemical, stain and water resistant

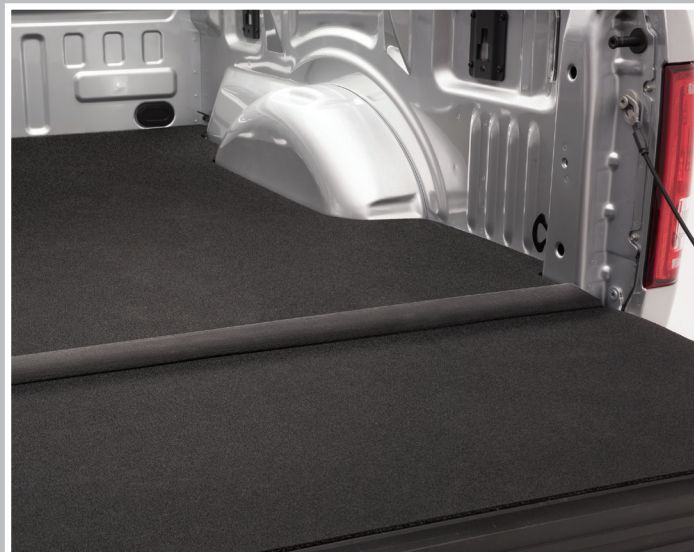

### Now available for F-150 and Super Duty® Commercial-Grade Protection; Easy on the Knees

The BedRug® Impact Bed Mat is constructed with a TPO composite top layer that offers a flat work surface that's slip and skid resistant. The ¾" padded under layer provides dent and impact resistance while offering a cushion for your knees when crawling around in your truck bed.

Impact Bed Mats are designed specifically for trucks that have an existing spray-in liner or no bed liner and feature:

- Integrated tailgate gap guard hinge that connects the bed piece to the tailgate piece
- Contoured under layer fills in the ribs and contours of the truck bed to provide a smooth, void free loading surface
- Rugged skid-resistant surface
- Provides access to factory tie-downs or two-tier loading systems and works with other cargo management products like bed extenders, tonneaus and caps
- The TPO material is fade and UV resistant. The ¾" thick foam is similar to that used in life jackets and will not absorb water, resisting mold and mildew
- Can be trimmed to work with Super Duty 5th Wheel or Gooseneck Hitches
- Installs in minutes, no drilling required

Skid-resistant surface with integral tailgate gap guard

Custom contoured to your bed
